

Is Your Safety Manual in Compliance?

Every Company needs a current safety manual. Fines can reach up to \$18,000 for not having a comprehensive, site specific Injury Illness and Prevention Program.

CAN YOUR BUSINESS PASS AN OSHA SAFETY INSPECTION

Osha inspectors seek to focus its resources on the most serious, unsafe and hazardous workplaces.

1. No Safety Plans, Out-dated Safety Plans and No active Safety Programs.
2. Imminent dangerous situations.
3. Frequent accidents, catastrophes and fatalities
4. Complaints, referrals and follow-up visits.
5. Planned or programmed investigations.

If you need a NEW IIPP Safety Manual , CALL Nickerson Insurance 310-326-6335 ext. 147 and for the low cost of \$200.00 for English, we will get one personalized for your business.
